## Kit #1945 USS GEARING (DD-710) WW-II Configuration

### Fittings

---

| Part                        | Part Number | Qty   | Use/Location |
|-----------------------------|-------------|-------|--------------|
| fire hose                   | F0001.3     | 5     |              |
| fire plug                   | F0001.4     | 5     |              |
| side lights                 | F0116       | 1 pr. |              |
| davit                       | F0144       | 2     |              |
| torpedo tube traning gear   | F0237       | 1     |              |
| oval raised hatch           | F0279       | 4     |              |
| hawse lip                   | F0451       | 2     |              |
| bell                        | F0489       | 1     |              |
| eyepin                      | F0505       | 1     | towing eye   |
| 40mm quad                   | F0642       | 2     |              |
| 40mm twin                   | F0643       | 2     |              |
| 20mm single gun             | F0691       | 11    |              |
| chocks                      | F0716       | 24    |              |
| torpedo gyro setter         | F0862       | 1     |              |
| chain                       | F0977       | 6"    |              |
| 26' motor whaleboat         | F0998       | 1     |              |
| reproducer                  | FDE17       | 1     |              |
| reproducer frame            | FDE18       | 1     |              |
| 20mm rsl                    | FDE22       | 15    |              |
| chain pipe                  | FDE24       | 2     |              |
| fighting lights             | FDE27       | 4     |              |
| depth charges (3)           | FFL1        | 8     |              |
| depth charges (4)           | FFL2        | 2     |              |
| depth charges (7)           | FFL3        | 2     |              |
| boat winch                  | FFL4        | 1     |              |
| stack cap grid              | FFL5        | 2     |              |
| stack exhaust pipe          | FFL6        | 2     |              |
| capstan                     | FFL9        | 1     |              |
| 5" ring foundation          | FFL10       | 3     |              |
| MK12 arm                    | FFL11       | 1     |              |
| torpedo tube blast shield   | FFL13       | 1     |              |
| 5" loading machine          | FFL17       | 2     |              |
| propeller, RH               | FFL18       | 1     |              |
| torpedo tube drive assembly | FFL19       | 2     |              |
| stack piping, whistle       | FFL20       | 1     |              |

## Fittings (cont.)

| Part                      | Part Number | Qty | Use/Location |
|---------------------------|-------------|-----|--------------|
| anchor                    | FFL21       | 2   |              |
| compass                   | FFL23       | 1   |              |
| pelorus                   | FFL24       | 2   |              |
| hawse pipe, stbd          | FFL26       | 1   |              |
| 5" gun barrel             | FFL28       | 6   |              |
| torpedo tubes             | FFL29       | 10  |              |
| SG radar                  | FFL30       | 1   |              |
| K guns                    | FFL32       | 6   |              |
| 10" bitt                  | FFL36       | 4   |              |
| 6" bitt                   | FFL37       | 6   |              |
| torpedo director          | FFL38       | 3   |              |
| propeller, LH             | FFL39       | 1   |              |
| 36" searchlight           | FFL41       | 1   |              |
| life raft                 | FFL44       | 6   |              |
| fender assembly           | FFL45       | 2   |              |
| hawse pipe, port          | FFL46       | 1   |              |
| propeller shaft           | FFL48       | 2   |              |
| sky lookout               | FFL52       | 2   |              |
| 2' reel                   | FFL53       | 1   |              |
| MK51                      | FFL54       | 4   |              |
| torpedo tube foundation   | FFL59       | 2   |              |
| shaft boss                | FFR2        | 2   |              |
| davit base                | FFR5        | 2   |              |
| flag bag                  | FFR10       | 2   |              |
| rangefinder tube          | FFR13       | 2   |              |
| antenna lead in, straight | FG1         | 1   |              |
| antenna lead in, angled   | FG2         | 1   |              |
| 01 level gnv base         | FG3         | 1   |              |
| CIC exhaust duct          | FG4         | 1   |              |
| 01 level blower ducting   | FG5A        | 1   |              |
| 01 level blower ducting   | FG5B        | 1   |              |
| short vegetable locker    | FG6         | 2   |              |
| 40mm locker               | FG7         | 8   |              |
| 40mm barrel locker        | FG8         | 1   |              |
| tall vegetable locker     | FG9         | 2   |              |
| torpedo crane base        | FG10        | 2   |              |
| vertical reel             | FG11        | 1   |              |
| mast                      | FG12        | 1   |              |

## Fittings (cont.)

---

| Part       | Part Number | Qty. | Use/Location |
|------------|-------------|------|--------------|
| bolster    | FG13        | 1    |              |
| SC/SR base | FG14        | 1    |              |

## Laser

---

| Part                              | Part Number | Qty | Size/Material  |
|-----------------------------------|-------------|-----|----------------|
| forward lower superstructure lift | LG1A        | 1   | 1/4" basswood  |
| forward upper superstructure lift | LG1B        | 1   | 3/16" basswood |
| aft lower superstructure lift     | LG2A        | 1   | 1/4" basswood  |
| aft upper superstructure lift     | LG2B        | 1   | 3/16" basswood |
| passageway bulkhead               | LG2C        | 2   | 1/64" plywood  |
| 01 level deck                     | LG3         | 1   | .030" styrene  |
| bridge lower lift                 | LG4A        | 1   | 1/4" basswood  |
| bridge middle lift                | LG4B        | 1   | 3/16" basswood |
| 40mm deck                         | LG4C        | 1   | .030" styrene  |
| bridge upper lift                 | LG4D        | 1   | 1/4" basswood  |
| bridge deck A                     | LG4E        | 1   | 1/64" plywood  |
| bridge deck B                     | LG4F        | 1   | 1/16" plywood  |
| bridge grate                      | LG4G        | 1   | 1/64" plywood  |
| torpedo director platform         | LG4H        | 4   | .030" styrene  |
| bridge side, port                 | LG4IP       | 1   | .020" styrene  |
| bridge side, stbd                 | LG4IS       | 1   | .020" styrene  |
| bridge face                       | LG4J        | 1   | .020" styrene  |
| SONAR top lift                    | LG5A        | 1   | 3/16" basswood |
| SONAR bottom lift                 | LG5B        | 1   | 1/4" basswood  |
| MKS1 tub floor                    | LG6         | 3   | .030" styrene  |
| 20mm platform, aft stack          | LG7         | 1   | .020" styrene  |
| 5L platform, aft stack            | LG8         | 1   | .020" styrene  |
| aft 20mm jig                      | LG9         | 2   | 1/4" basswood  |
| bow template                      | LG10        | 1   | 3/32" basswood |
| amidships bulwark                 | LG11        | 2   | .020" styrene  |
| pilot house lower lift            | LG12A       | 1   | 1/4" basswood  |
| pilot house upper lift            | LG12B       | 1   | 3/16" basswood |
| pilot house deck                  | LG12C       | 1   | .030" styrene  |
| duct for FG003                    | LG13        | 1   | 3/32" basswood |
| duct aft for FG003                | LG14        | 1   | 3/32" basswood |
| rudder post                       | LG15A       | 2   | 3/32" basswood |
| rudder                            | LG15B       | 2   | 3/32" basswood |

## Laser (cont.)

---

| Part                                    | Part Number | Qty | Size/Material  |
|---|-------------|-----|----------------|
| 40mm clip rack, round                   | LG16A       | 2   | 1/64" plywood  |
| 40mm clip rack base, round              | LG16B       | 2   | 1/16" plywood  |
| 40mm clip rack, port aft                | LG17A       | 3   | 1/64" plywood  |
| 40mm clip rack base, port aft           | LG17B       | 3   | 1/16" plywood  |
| 40mm clip rack, stbd aft                | LG18A       | 3   | 1/64" plywood  |
| 40mm clip rack base, stbd aft           | LG18B       | 3   | 1/16" plywood  |
| 40mm clip rack 02 level, port forward   | LG19A       | 3   | 1/64" plywood  |
| 40mm clip rack base, 02 level, port fwd | LG19B       | 3   | 1/16" plywood  |
| 40mm clip rack 02 level, stbd forward   | LG20A       | 3   | 1/64" plywood  |
| 40mm clip rack base 02 level, stbd fwd  | LG20B       | 3   | 1/16" plywood  |
| depth charge track extension            | LG21        | 2   | 1/64" plywood  |
| gooseneck vent, forward stack           | LG22        | 2   | 3/32" basswood |
| RWTH coaming                            | LG23        | 2   | 3/32" basswood |
| aft 40mm tub support                    | LG24        | 2   | .020" styrene  |
